WORK OF YOUR CONGRESSMAN

General Legislation That He Has Supported.

STORY OF LABOR PERFORMED

J. B. Bennett Renders an Account of His Stewardship as Representative of the Ninth Kentucky District in the National House of Representatives.

To the Citizens of the Ninth Congressional District of Kentucky:

To the people who have so signally honored me with their loyal support in the past, by three times electing me as their representative in the national congress, I deem it just that I render you some account of my services as your representative, the important legislation upon which I have voted, and what I have accomplished for the Ninth Kentucky district. The people of each particular locality are familiar with my legislative accomplishments for their immediate section, but my services are to the entire district, and the people have a right to know how I have discharged the trust imposed in me.

General Legislation.

The following is a list of the laws passed during the Fifty-ninth congress, Sixtieth congress, and at the extra session and first regular session of the Sixty-first congress which received my vote and earnest support:

Railway rates to be fixed by enlarged interstate commerce commission; rebates and other discrimination penalized; sleeping cars, express companies and pipe lines made common carriers; railway passes prohibited.

Panama canal to have 85-foot level, with locks; Panama canal bonds to enjoy same privileges as all other United States bonds; Panama canal supplies to be domestic products.

Pure food: Label must tell the truth, especially on popular remedies.

Meat inspection "from hoof to can" at government expense.

Oklahoma (including Indian Territory) admitted to the Union.

Consular service reorganized on the merit basis.

Quarantine against yellow fever nationalized.

Niagara Falls to be preserved.

Alaska allowed a delegate in the house. Alaska liquor revenue devoted to schools and road building.

Naturalization safeguarded and made more difficult.

Steamboat inspection made more rigid, due to General Slocum loss. Motor boats operated for profit required to have federal licenses.

Gold bullion reserve in excess of \$50,000,000 to be coined. National bank liabilities limited to 30 per cent of capital.

Employers' liability law: Negligent common carriers within the United States jurisdiction liable for damages to employees.

Federal donations to state agricultural stations increased, so that within ten years they will receive \$30,000 annually.

Immunity of witnesses in criminal cases limited.

Trademark law amended.

Militia efficiency to be promoted by aid of \$2,000,000 annually.

Unlawful wearing of insignia of G. A. R. and other soldier organizations forbidden.

Secretary of the navy given greater discretion in suppressing hazing at Annapolis.

Falsely marked articles of gold or silver or their alloys not to be imported, exported or carried.

San Francisco sufferers aided, \$2,500,000 appropriated.

Extending period for continuous shipment of cattle to thirty-six hours.

Census office directed to collect and publish vital, social and other statistics.

Waste in public printing cut down one-third.

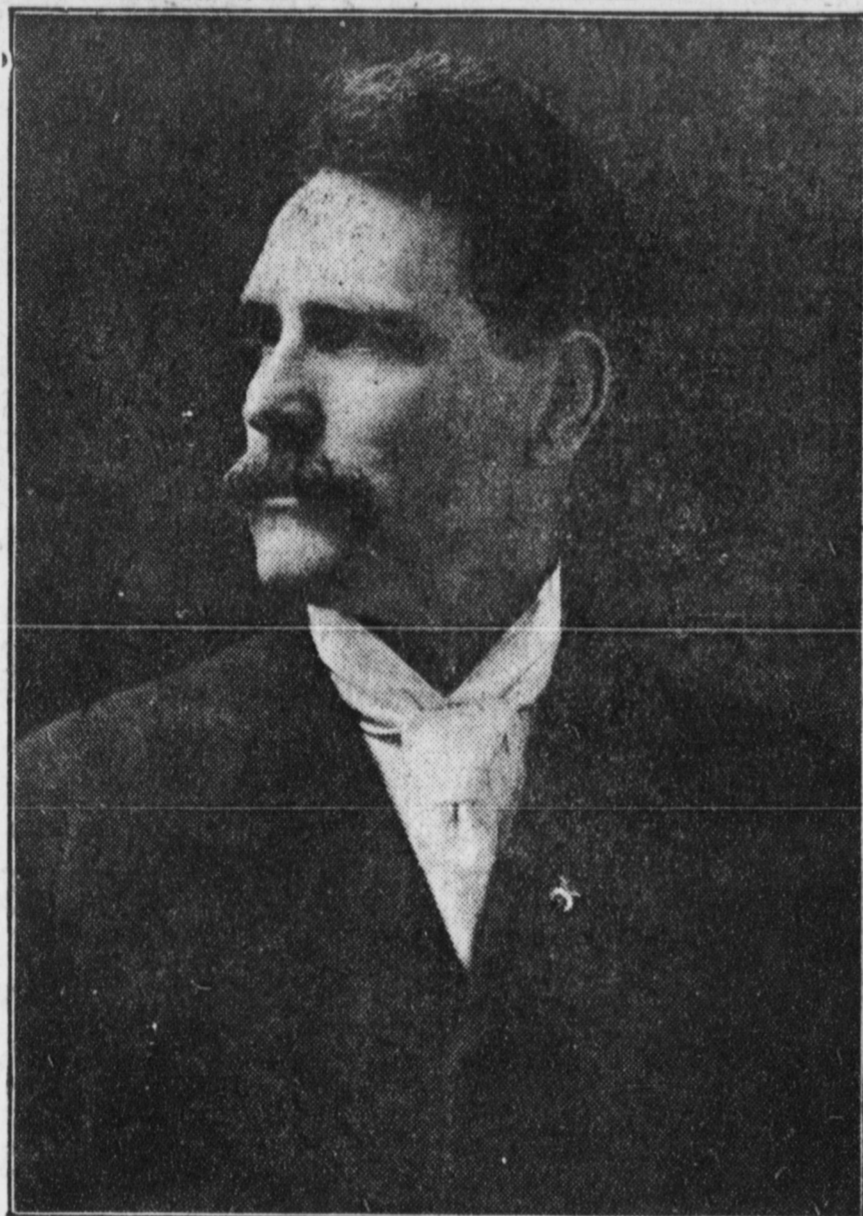

Grave of Andrew Jackson, with fifteen acres of land, made a national cemetery. Marking graves of Confederate soldiers.

Jamestown exposition given aid.

Restrictions on cabinet officers to prevent deficiencies of appropriations.

Financial law whereby banks in period of financial stringency may issue currency to the amount of \$500,000,000, depositing as security therefor bonds, commercial paper or other assets, such emergency currency being so taxed as to insure its retirement as soon as the stringency has passed.

Militia made integral part of the national military establishment, with additional appropriation of \$2,000,000 for equipment, etc., making total annual appropriation for militia \$5,000,000.

J. B. BENNETT.

National monetary commission created to devise a sound monetary system for the government.

Widows' pension increased from \$8.00 to \$12.00 per month, and certain unnecessary restrictions abolished.

Importation of impure tea, tea siftings, etc., prohibited.

"In God We Trust" restored to the gold and silver coins.

The age law, giving all soldiers of the Mexican and Civil wars \$12.00 per month at the age of 62; \$15.00 per month at the age of 70, and \$20.00 per month at the age of 75.

Model child labor law for the District of Columbia.

Game in Alaska protected.

Increasing pay of soldiers, both officers and enlisted men.

Immigration station established at Philadelphia at cost of \$250,000.

Additional safe-guard for passenger-carrying ships provided.

Prohibiting desecration and improper use of the flag.

Appropriation of \$29,227,000 for the Panama canal.

Female nurse corps established for the navy hospital and navy hospital ships.

Ten new battleships at a cost of \$6,000,000 each, exclusive of armament and armor.

Military bands must not compete with civilian musicians.

Drainage of public lands in Minnesota, including all unpatented lands.

Joint maneuvers of army and militia authorized with \$1,000,000 appropriated.

Anarchistic and seditious publications and intoxicants and cocaine excluded from the mails.

Attorney general directed to institute suits to compel forfeiture to the United States of certain lands granted to the Central Pacific, Oregon Short Line Railway companies, on the ground of violation of contract.

Interstate commerce commission authorized to prescribe regulations for the transportation by common carriers of explosives, to promote the safety of passengers and employees.

White slave law; prohibiting the traffic.

The Payne tariff law.

Railroads engaged in interstate commerce prohibited after Jan. 1, 1910, from using any locomotive equipped with an ashpan which necessitates an employee getting under the engine.

The eight-hour law.

The immigration law.

An act to authorize the president of the United States to make certain withdrawals of public lands in certain cases.

An act to provide publicity of contributions made for the purpose of influencing elections at which representatives in congress are elected.

An act to establish in the department of the interior a bureau of mines.

An act to establish postal savings depositories for depositing savings at interest with the security of the government for repaying thereof, and for other purposes.

An act to enable the people of New Mexico and Arizona to form a constitution and state government, and to be admitted into the Union on an equal footing with the original states.

Railroad rate law; establishing a commerce court.

Labor Legislation.

At no time in the history of this country has the laboring man received

so much consideration in the matter of legislation to protect his rights as during the past six years. The laboring people have had my support and sympathy in all their just demands, and I am pleased to say that the representatives of organized labor who have been in Washington looking after legislation affecting their interests, have frequently conferred with me, and I have supported every effort to justly advance their interests.

Gambling in Farm Products.

At the last session of congress the farmers have had a delegation in Washington seeking legislation to prevent gambling in farm products. It has been my pleasure to confer with representatives of the Farmers' union who were there, and render them every possible assistance. I have heartily supported every effort to secure the passage of such legislation, and toward the close of the last session of congress the committee on agriculture reported favorably a bill to prohibit this evil and it is generally conceded that the bill will pass.

Tobacco Tax.

To the tobacco growers of the Ninth Kentucky district, I am pleased to say that I voted for and aided materially in securing an amendment to the tariff bill, removing the 6 per cent tax from leaf tobacco.

Rivers and Harbors Appropriations.

Since I have been a member of congress I have secured the following appropriations for Big Sandy river—aided by Congressman J. A. Hughes and Congressman Langley:

Fifty thousand dollars for improvements on the dams already secured for that stream before I entered congress. We secured \$250,000 for the construction of locks and dams in Tug and Levisa forks of Big Sandy, known as dams No. 1. We have also secured \$250,000 for construction of dams No. 2 in the same forks.

In the river and harbor bill passed at the last session of congress, assisted by Congressman A. R. Johnson of Ohio, I secured a provision in that bill for the construction of lock and dam No. 29 in the Ohio river between Catlettsburg and Ashland, which means an outlay of \$1,500,000 along the border of the district. I have bills pending for the construction of dam No. 30, to be located near Greenup, Ky.; dam No. 31 to be located near Portsmouth, O.; dam No. 32, to be located between Maysville and Manchester, O., and dam No. 33, to be located near Wellsburg, Ky., each of which will mean an expenditure of \$1,500,000 in the district. I expect all of these dams will be provided for in the next river and harbor bill.

Public Buildings.

Prior to the time I entered congress the Ninth Kentucky district had only one public building in it, which is located at Maysville, Ky., and which cost the government \$40,000. Since I have been serving the district in congress I have secured an appropriation of \$110,000 for public building for Catlettsburg, Ky., the contract for which has now been let and the building will be completed within the next year. I have also secured an appropriation of \$75,000 for the erection of a public building for Cynthiana, Ky. The plans for this building will soon be completed and advertisements for bids for its construction. I have also secured an appropriation of \$20,000 to purchase a site upon which to erect a public building

in Ashland, Ky. Bids for this site has already been made to the treasury department, and no doubt one will be accepted, all bids being within the appropriation. I have bills pending for appropriations for public buildings at Augusta, Ky.; Flemingsburg, Ky., and Carlisle, Ky. My purpose is to secure one for each town in the district as it becomes large enough to be entitled to a public building under the rules of the committee.

Mexican and Civil War Veterans.

I have introduced in congress and shall have urged its passage, the "National Tribune bill," the provisions of which all ex-soldiers are familiar with. An investigation will show that I have secured the passage of more special bills for soldiers of the Ninth Kentucky district during the time I have been in congress than all the men who have represented the district since the Civil war. The following is a list of the soldiers and widows for whom I secured the passage of a special bill either allowing them an original pension or increasing the one they were receiving: Frederick Arn, Horace Applegate, J. P. Applegate, James Austin, E. W. Bell, S. V. Bocock, James W. Burton, Thomas J. Barker, James R. Chapman, Reuben Copher, Nathaniel Collins, Marshall Caldwell, George W. Chatfield, Harvey W. Cartee, Jos. A. Davis, Stephen Davis, Amos Davis, George Fankell, A. R. Fisher, Isaac

N. Forman, James A. Fisher, John Gillion, Amanda Green, John Heinrichs, James P. Himes, James Hales, Mary J. Halbert, J. P. Huff, John N. Hubbard, John Harvey, Jr., Albert Hauke, Alexander Hanner, William Ingram, John Ingram, Benjamin Johnson, Louise January, Timothy Johnson, William Kirkpatrick, Jefferson S. Keaton, W. W. Kibbie, Perry Kains, Thomas M. Luman, Wm. Lawrence, Thomas Miller, Samuel Meadows, D. C. May, C. P. McGuire, J. Hugh Martin, A. J. Mowery, James McCracken, Stephen Marcum, Andrew J. Moore, David Martin, Charles May, Benjamin Morris, W. M. McAnis, Lafayette North, Henry Newman, James O'Brien, Mary L. Overly, Thomas W. Parsons, Geo. W. Pierce, Jonathan Purvis, Frank Prater, J. P. Patton, Noah L. Payne, G. W. Reeder, Jacob Rardin, David Ross, John Rodgers, Augustine Sorrell, James Sutherland, Wesley Smith, Harmon Freeman, G. N. Upton, John Vanlandingham, Alfred White, James H. Warford, Samuel Watkins, L. S. Wyatt, J. E. Wells, R. T. D. Zimmerman, Thos. E. Myers and Paul Gettis. Aside from my work for the ex-soldiers before congress, I am continually calling up and urging action on their cases before the pension bureau.

Spanish-American War Veterans.

I have secured the passage of the following special bills for Spanish-American war veterans and their widows, and dependent mothers and fathers: Albert Applegate, Robert Brammer, Samuel A. Berry, Anna M. Case, Algon E. Cole, John F. Campbell, Biddy Lockwood, E. W. Morgan, Elizabeth Norton, Jimison F. Skeens, Josephine L. Whit and Robert Himes. I am also continually calling up and urging action on the claims of these veterans, which are pending before the department.

Kentucky State Militia.

For the members of the Kentucky state militia I have introduced a bill to extend the provisions of the pension laws to them, and give them a pensionable status.

Pension Bills Pending.

I now have over four hundred special pension bills pending before the two committees of the house of representatives to increase and allow original pensions to Civil and Spanish-American war veterans and their widows.

Mail Facilities.

I have paid special attention to the mail service in the district. New postoffices, new star routes and rural routes, and have secured the establishment of many of each for various sections in the district.

Civil Service Examinations.

Upon my recommendation the civil service commission designated Ashland as a place where civil service ex-

aminations will be held, thus doing away with the necessity of the people of eastern Kentucky going to Lexington and Louisville for these examinations.

I have heard no criticism to the effect that I have not attended to my work. Some have criticised me because I have not made more speeches. If we had more hard work in congress and fewer speeches the public business would be finished much sooner and a great saving to the people. I trust that this record commends itself to you.

Faithfully yours,
J. B. BENNETT.

Were living in perfect comfort all over the house. The Underfeed coal burning way—fuel fed from below—all the fire on top—insures as much clean, even heat from cheapest slack as highest priced coal which ordinary heating plants require. This enables Underfeed users to

SAVE 1/2 TO 3/4 OF COAL BILLS

Mr. J. E. Crider, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus:

"We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use nut and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

SCHOOL STATISTICS

Of Interest to Parents and Public Generally—Facts Culled From School Reports

There is not a city in the State with the same number of inhabitants that can compare with Maysville in educational facilities. Aside from the Parochial School and a number of private schools, all as good as the best, we speak of the Public Schools.

Of the four Public School Buildings erected in recent years, costing in the neighborhood of \$140,000, and with a corps of twenty-three teachers and a Superintendent all of merit and high standing, Maysville can well afford to feel a little proud and puffed up when she refers to herself as an educational center surpassed by a very few.

In glancing over a report we find a school census for 1910 of 1,624 children of school age—829 males and 795 females; six school buildings and twenty-three teachers and a Superintendent; number between 7 and 14 years, 829; average daily attendance for year, \$15; percentage of enrollment, based on census, 62; percentage of attendance, based on enrollment, 82; total cost of teaching each child, based on census \$12.15; total cost of teaching each child, based on enrollment, \$19.45; total cost of teaching each child, based on average attendance, \$24.20; number of tuition pupils enrolled in grades, 34; number of tuition pupils enrolled in High School, 30. Number of visitors during year 1,370.

L. M. Lloyd, farmer, R. F. D. No. 5, Maysville, Ky., says: "I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it may be the means of helping other sufferers from kidney trouble to find relief. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant, dull pains across my loins. When I stooped or lifted, sharp twinges shot through my body and caused the most intense suffering. When I heard of Doan's Kidney Pills, I procured a box at J. Jas. Wood & Son's Drugstore and began using them. They effected a complete cure, and since then I have not had backache or any other symptom of kidney trouble."

ball yesterday afternoon on the field between the Maysville White Sox and the Maysville White Sox. The Sox went up in the air and all the same time. The Midgets runs in the ninth inning, and the home boys were thinking of calling on the Police to stop the score at the finish stood 26 to 0 for Maysville.

TOWBOAT SINKS

The towboat Walter Needham, towing the floating theater, "Cotton Blossom," sank at Brookport, Ill., and is lying in fifteen feet of water. The boat sprung a leak and it is supposed broke amidship. The boat was valued at \$10,000 and probably will be a total loss.

SHELBYVILLE KEEPS ITS TEAM

SHELBYVILLE, Ky., August 21st.—Mr. Anton M. Kuhn, owner of the Shelbyville baseball team, has sold the franchise and players to a local syndicate and the transfer of ownership will be made Wednesday of this week, when the Shelbyville team has a game at home.

The contract as drawn up for Maysville to sign contained a clause that provided that Shelbyville people might buy the team before the time limit expired, if they desired to do so, their offer being considered before all others. At almost the last minute some Shelbyville men put up the price and took over the team and the franchise.

CONGRESS—Hon. J. B. Bennett of Greenup

her page of this issue of THE PUB-

R our readers will find a statement

Congressman BENNETT, now representing

the Ninth District in

the House of Repre-

sentatives for his third

term, in which he gives

a resume of his work

in the National House.

Mr. BENNETT takes a novel method of render-

ing to his constituents an accounting of his

stewardship of their interests, and we believe

that all who carefully peruse what is

set forth in the article will agree, if

they are not blinded by partisan prejudice,

that he has rendered a good account of himself

by giving the people of the Ninth District re-

sults which, as a practical Congressman, entitle

him to the kind consideration of the men who

clamor to have things done.

The job of Congressman looks fine and

dandy to the layman, the man at home, but if

you should suddenly find yourself elected to

serve in the House you would then and there

turn pale around the gills, not only at the

amount of work confronting you, but the vast

responsibility attached to the duties, and realize

that one must, *per se*, possess more than the

average amount of brains, tact, eloquence and

persuasive powers to render even passable sat-

isfaction to the hundred thousand constituents

at home; whose battle cry is always for a piece

of official pie, a pension, or one or all of the

ten thousand things expected, instant, from

“our Congressman.”

That Congressman BENNETT has made good,

and more than good, at Washington, is fully

proven by his official record and his statement

rendered to his people.

WASHINGTON, August 21st.—Chilly weather

is on its way, according to the general forecast

for the coming week issued by Prof. Willis L.

Moore, Chief of the Weather Bureau.
